

About me

My name is Yaroslav, I am 24 years old, I am junior frontend developer. My personal qualities are ability to achieve goals, effective time planning, perseverance, ability to easily maintain business and professional relationships, desire for professional development. At this moment I do not have enough work experience, but my active life position and purposefulness makes me the kind of person you want to get to know and cooperate in future.

At first, I worked at catering industry: I graduated from college with a degree in catering technologist, then finished two years with specialty milky production technologist, I have been a chef for four years at Moscow restaurants.

I decided to change my specialty when I saw my friend working as a programmer. I was interested to try something unknown, my new job quickly took over, now I plan to develop in this direction.

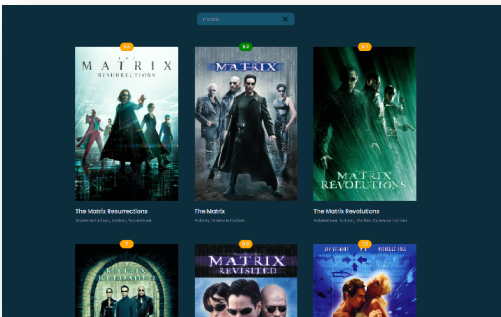

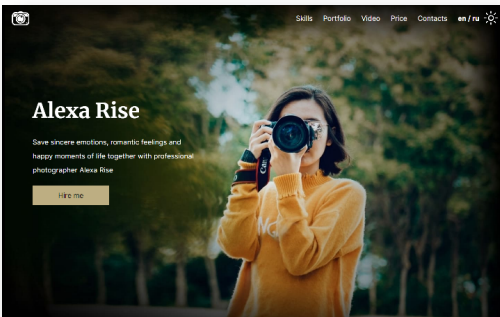

When I work at every task, I learn something new, I am not afraid to ask for help and advice. It is important for me to complete the task quickly and effectively. It is important for me not only to gain experience, but also to take my place in a team where I can be useful, with which I can move into the future, contributing to the common deal.

Code example

```
const portfolioBtns = document.querySelector('.button__column');
function changeImage (event) {
  if(event.target.classList.contains('button__portfolio')) {
    const season = event.target.dataset.season;
    portfolioImage.forEach((img, index) =>
      img.src=`./assets/img/${season}/${index + 1}.jpg`);
    portfolioBtn.forEach((btn) =>
      btn.classList.remove('active');
      event.target.classList.add('active');
    )
  }
}

portfolioBtns.addEventListener('click', changeImage);
```
